#ALLABOUTCRUISING
www.cruisexplore.com

A wide-angle photograph taken from the deck of a cruise ship. In the foreground, a large group of passengers, dressed in winter gear like jackets and hats, are standing on a wet, reflective orange-brown deck, looking out towards the sea. The ship's white railing and a mast are visible. The middle ground shows a deep blue sea filled with numerous small ice floes. In the background, a massive, steep mountain rises from the water's edge, its dark, rocky slopes partially covered in patches of snow. The sky is a clear, bright blue.

The Perfect Destination For Your Family Holiday!

Cruising is hugely popular with families since it is a great holiday option equally for both kids and adults.

Excellent value for money - Cruises are very much affordable. The cruise lines offer reduced pricing for children including some lines offering free fares for kids, which cuts down the overall cost of the trip.

Multigenerational floating Resort - On a cruise ship, there is something for everyone - from energetic kids and thrill-seeking teens to parents looking to relax and grandparents eager to enjoy culture.

Family Accommodation - Cruise ships are designed keeping chiefly families in mind. They provide staterooms and suites that can fit even four or five guests and offer plenty of connecting cabin options.

Family Dining & Entertainment - There are incredible choice of cruise dining dishes exclusively for kids in most of the cruises. The flexible dining options onboard are found to be preferred choice for the families.

Choose Your Best Accommodation!

On a cruise ship there are varieties of accommodation to suit every budget and taste. From the simple Interior staterooms and Oceanview staterooms with portholes or windows to Balcony staterooms and spacious one- and two-bedroom suites, the variety is enormous.

The suites are generally the highest grade of accommodation in a cruise ship with separate bedroom, living area, dining area (in some category of suites), larger bathrooms, private balconies and many more. The cruise ships also offer Mini suites, Junior suites, sky suites etc. which are more spacious than regular cabins.

Some standard staterooms and suites can sleep three or four guests with the aid of a convertible sofa bed or a pullman bed. Most of the cruise lines also offer connecting staterooms for families.

The Best Way To Experience The World!

Cruise Holiday grants you the pleasure of waking up in a new place every day. You get to experience multiple destinations in one cruise!

Explore over 300 destinations across all seven continents! Whether you decide to spend your day in the beautiful beaches of the Caribbean, explore wild national parks in Alaska and northern Europe, soak up ancient history and culture in the Mediterranean or immerse yourself in Asia's many exotic wonders, a cruise holiday offers you the perfect vacation.

The expedition cruises bring you to some of the most remote and pristine places on the planet like the British Isles, the Arctic, Iceland, South America, Antarctica, and much more. The expedition ships can navigate narrow waterways and small harbors that larger ships cannot reach.
